**Use of District IT Resources is a privilege, not a right. The Board of Education's IT Resources, including its computer network, Internet connection, and online apps/services, are provided for business, professional and educational purposes only. Staff members who sign this Agreement are affirming that they will not use District IT Resources for illegal, unethical, or harassing purposes or to access online content that may be considered obscene, pornographic, or unsuitable for children.**

The Board has implemented technology protection measures that protect against (e.g., block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of staff members in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The Superintendent or Technology Director may disable the technology protection measures to enable access for bona fide research or other lawful purposes.

Staff members using District IT Resources are personally responsible and liable, both civilly and criminally, for unauthorized or inappropriate use of such resources. Misusing equipment or altering system software without permission. Using the Technology Resources in any way that violates any federal, state, or local law or rule, or any District policy, rule, or agreement.

The Board reserves the right, at any time, to access, monitor, review, and inspect any directories, files and/or messages received by, residing on, or sent using District IT Resources. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.
